

Boesch manufactures a complete line of innovative pre-engineered sewage and wastewater control panels that will operate pumps up to 115 FLA. Made in the USA, our quality simplex, duplex, and triplex control panels provide complete pump monitoring, include a five-year warranty and are UL 508A or UL 698A listed for the United States and Canada.

## Features

- UL listed for the United States and Canada (panel and controls)
- Indoor/Outdoor NEMA 4X rated enclosure: Heavy duty polycarbonate with stainless steel lockable latches
- Pump control visible indicators: Pump hand-off-auto (H.O.A.) switch(es), green Pump Run light, red Pump Fault light with reset button and Power On light
- Alarm visible indicators: Red beacon alarm light, alarm test and silence buttons
- Alarm horn sounds at 85 decibels at 10 feet
- Remote monitoring by dry contacts: High Liquid, Pump Fault, Pump Run(s)
- Upgraded pump protection: Motor protective switch(es) (branch circuit protection, adjustable overload, and disconnect) and a thermal cutout with indicator(s)

## Applications

- Sewage pump chambers
- Grinder pumps
- Sump pump basins
- Lift stations
