

Boesch manufactures a complete line of innovative pre-engineered sewage and wastewater control panels that will operate pumps up to 115 FLA. Made in the USA, our quality simplex, duplex, and triplex control panels provide complete pump monitoring.

## Features

- Indoor/Outdoor NEMA 4X rated enclosure: Heavy duty polycarbonate with stainless steel lockable latches
- Pump control visible indicators: Pump hand-off-auto (H.O.A.) switch(es), green Pump Run light, red Pump Fault light with reset button and Power On light
- Alarm visible indicators: Red beacon alarm light, alarm test and silence buttons
- Alarm horn sounds at 85 decibels at 10 feet
- Remote monitoring by dry contacts: High Liquid, Pump Fault, Pump Run(s)
- Upgraded pump protection: Motor protective switch(es) (branch circuit protection, adjustable overload, and disconnect) and a thermal cutout with indicator(s)

## Applications

- Sewage pump chambers
- Grinder pumps
- Sump pump basins
- Lift stations
